

# Data Protection and Data Privacy in India: DPDP

How the DPDP Will Change the Way Businesses Collect and Use Personal Data in India.

**"DPDP" aims  
to regulate  
the  
collection,  
processing,  
and use of  
personal  
data in India.**

**01**

**An individual's personal data is any information that can be used to identify them.**

SWIPE →

02

**Individuals have  
the right to  
access, correct,  
delete, and port  
their personal  
data.**

SWIPE →

03

A Data Protection Authority (DPA) is also established to oversee implementation.

SWIPE →

OK

Indian  
Parliament is  
still  
considering  
the DPDP, but it  
is expected to  
become law  
soon.
